

# GLENVIEW GRAPEVINE

## May/June 2020

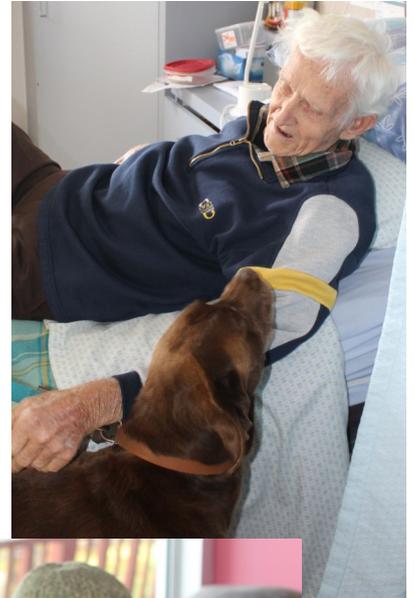

Welcome to the May/June edition of the Glenview Grapevine. As with everyone, we have found the past two months difficult. Along with residents, we have missed the familiar faces and cheerful chatter of regular visitors and we can only imagine how difficult it has been for families to not be able to visit.

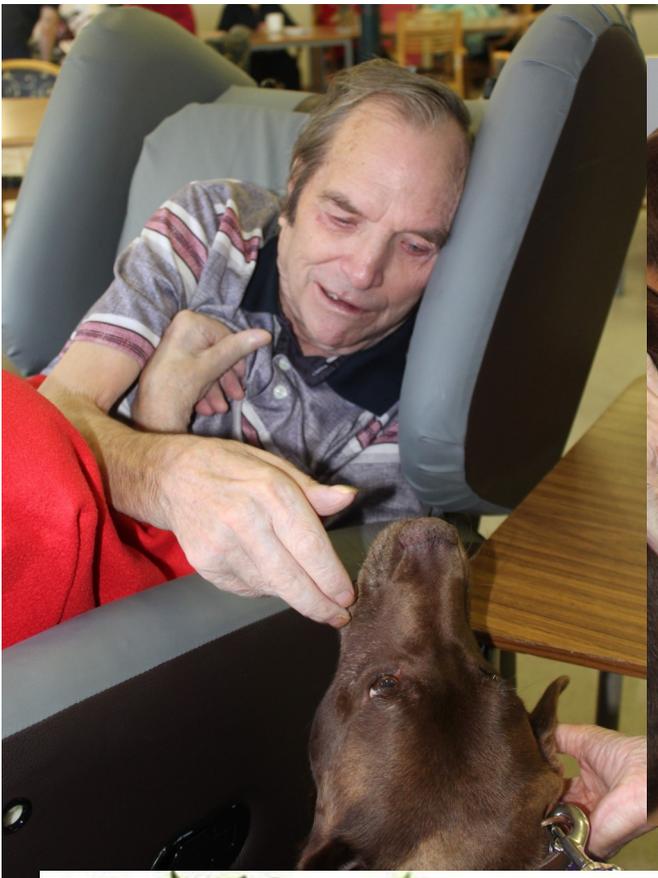

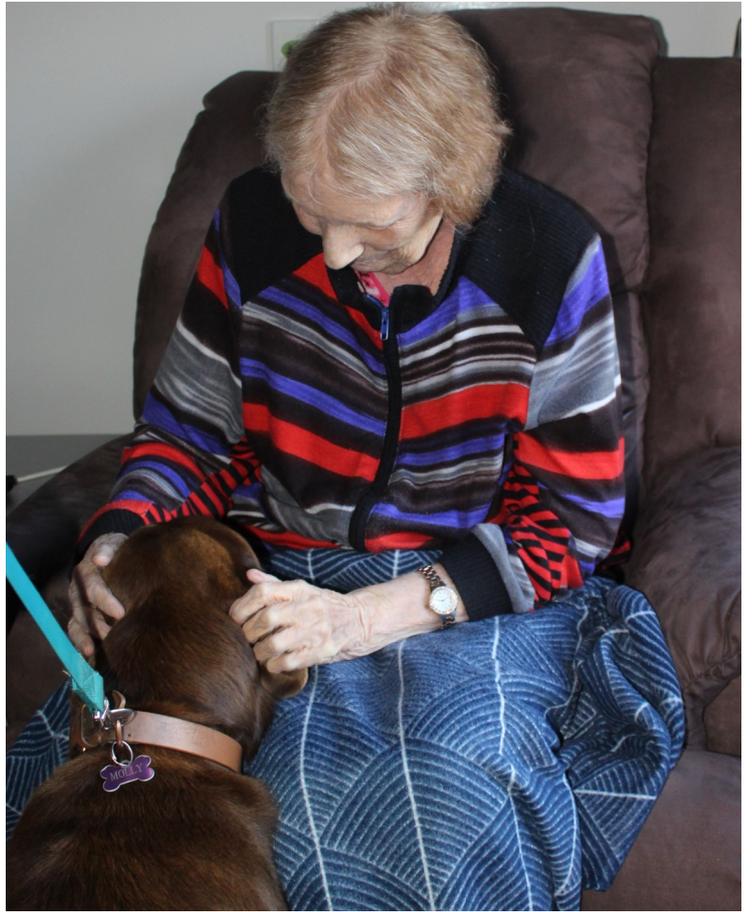

We are delighted, however, that there has been a slight easing of visiting restrictions and that those residents who usually receive regular visitors are now able to look forward to seeing their loved ones.

## MOLLY

A recent visit from Molly was just what was needed to cheer everyone up. It was a joy to see the smiles.

## EASTER

In the absence of volunteers and not being able to enjoy our regular outings, the Leisure and Lifestyle team has been working hard to keep residents stimulated and engaged with a varied program of physical activity, mental stimulation and social interaction.

A highlight was the high tea provided by the catering staff to celebrate Easter.

Residents worked together to create a traditional Swedish table decoration.

A huge thank you to Ms Julie Douglas of Gooramadda, who donated this amazing cake, which took pride of place on the table.

Thank you, also to the Friends of Glenview for the donation of Easter eggs, which were distributed to all residents on Easter morning.

Additional thanks to all who supported the Easter raffle, which, despite the limited opportunities for selling tickets, made a profit in excess of \$600.

It was Death by Chocolate for the winners, Belinda Suffern, Maree Smith and Maureen Henessy.

## A Beautiful Gesture

The residents were delighted to receive personalized, hand made cards, created by Emily Bould's great grand daughter, Bridie and her friends Grace and Sarah. Thank you girls.

## HAPPY HOUR

Saturday afternoon Happy Hour remains popular with residents but the cooler afternoons mean we now have to enjoy this activity indoors.

## How Does Your Garden Grow?

A group of gardening enthusiasts has been busy potting cuttings, which are thriving. Plants will be available for sale later in the year.

## SING ALONG

There is nothing like a good sing along to get your feet a-tapping.

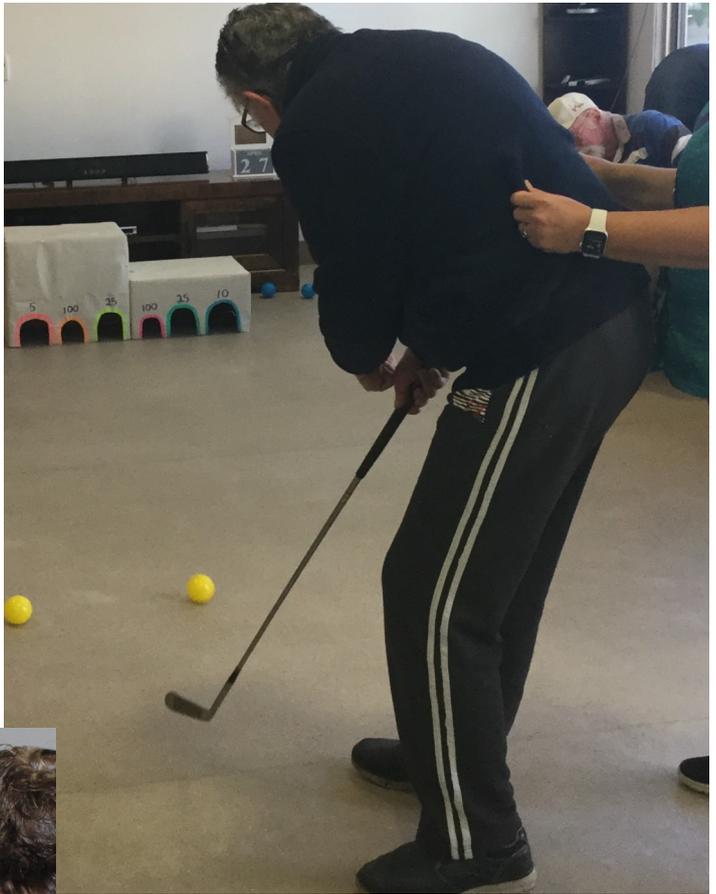

*Thank you for the music, Joan*

# LET'S GET ACTIVE

Our daily physical activity program is varied and elicits lots of laughter.

# PUT ON YOUR THINKING CAP

Active brains are also important
